

Certificate of Compliance

Picker Components Corporation (Picker) warrants that our relays are compliant with the following government standards:

RoHS Directive 2011/65/EU

Specifically, Picker relays do not contain the substances listed by the RoHS Directive in the concentrations greater than the listed maximum amounts. The Cadmium exemption for contacts n. 8(b) in Annex III will expire on July 21, 2016. An extension is pending. Picker is monitoring these activities and if required will give customers a choice to switch to a non-Cadmium contact material.

REACH Regulation No 1907/2006 of the European Parliament and of the Council of 18 December 2006 and its amendments concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). As updated on 15 January 2018 to the 181 substance Candidate List.

Specifically, Picker annually surveys its suppliers to verify compliance as to the use of any of the 181 Substances of Very High Concern (SVHC) for all our relays and the materials used in manufacturing. Pickers relays do not contain any of the substances as described in Article 67 and Annex XVII.
